

INTRADAY POWER TRADER BASED IN SINGAPORE

At PowerMart we trade electricity and gas across Europe and strive to be the best every day. Right now, we're looking for an Intraday Power Trader who does the same. So if you have a mindset like ours and want to pursue a career in trading, you might be the new colleague we are looking for.

We are a Danish energy trading company with 10 years of history and geographical presence in Aarhus, Copenhagen, and Singapore.

Do you want to be our next colleague?

We believe in being one committed team. We live by clear values and a strong sense of responsibility to both the energy markets and each other. And we take pride in what we do.

Obviously, you must thrive in a vibrant energy market but most importantly, you prefer to be part of a family of colleagues who share a genuine interest in each other. In return, we see it as a continuous obligation to add to your interest and knowledge. A mutual investment to succeed and to ensure focus and development in both business and relations.

With PowerMart you get a chance to reach your full potential. We will offer the right opportunities, but it's up to you to accomplish your goals and tasks in order to become our next highly performing colleague

**WE ARE COMMITTED
TO DO OUR BEST
EVERY DAY - BOTH
AS TRADERS AND AS
COLLEAGUES!**

THE POSITION

As Intraday Power Trader, you'll be challenged every day in one of the most exciting and volatile world commodity markets, but most importantly, you will learn a lot about yourself.

Among your responsibilities are:

- > Executing trading strategy
- > Close correspondence with our technical team
- > Participating in our shift rotation

To succeed in the job, you need to:

- > Have an interest in trading and financial markets.
- > Have a master's degree in Finance, Economics, Mathematics or similar – or you are about to finish one.
- > Be a strong team player with a competitive nature, and you thrive in taking responsibility.

Potentially you also possess some programming skills such as C#, SQL or similar – but it is not a requirement in any way.

WE'RE OFFERING

We're ready to pay a competitive compensation for your skills and your will to be the best. Furthermore, you will be a part of a team where:

- > You are important
- > You have a defined role but are empowered to decide how you play it
- > We're individualists but know that we only win as *one* team
- > We're dedicated when we're at work - and dedicated to flexibility and a life in balance

PRACTICAL INFORMATION

The position is full-time and is based in the center of Singapore, but with an introductory training period in Denmark.

Send your application and relevant documents to jobs@powermart.eu. The deadline is the **20th of June**, but don't wait too long as we'll evaluate the applications on an ongoing basis.

Experienced and non-experienced are all welcome to apply.

ABOUT POWERMART

PowerMart is a Danish energy trading house founded in 2014. We're based in the center of Aarhus, Copenhagen, and Singapore, with Aarhus as our headquarters and the vibrant feeling of the city is part of our DNA. We trade power and gas in all major markets across Europe, and we love the dynamics and the complexity. Our team consists of dedicated specialists from different parts of Europe.
